

The SPOKESWOMAN

February, 2010

Volume 46, No. 2

Reports

Celebrate the 19th soup at Juliana's was a success. New member Jan, Nan, Barbara, Irene, Dorothy, Elaine, Marjorie, Mariana, Rhonda, and Gail enjoyed the food. We talked about happenings in our lives and the importance of AAUW in the past. Times have changed yet AAUW is still important.

The EF Luncheon in Roseville was attended by 85 women. We had ten from Davis. Our original EF Fellow, Kelly, was injured, but our substitute Fellow from UC Berkeley, Sherri, acquitted herself well in explaining the importance of women mentors and AAUW grants in her pursuit of a Ph.D. in Biology, Environmental Toxins. Thank you to the members who donated items for the auction. These attending members have also contributed throughout the year with their group leadership and time.

Editorial Comment

We are looking for members willing to share "responsibilities" to keep this Davis AAUW viable. We have had many people offer their homes or community units for our gatherings. We've had active volunteers to set up programs and take board positions. Thank you. We are grateful and have enjoyed getting news, getting together, and getting to know each other better. Please search your stores of energy and interest and be ready to take responsibilities for next year. Call or email Juliana to volunteer:

Reminder: Correct the roster cover for Juliana's phone number-.
